MYSORE IRON & STEEL WORKS, ETC.

BANGALORE

No. 278

27th August 1941.

My dear Mr. Vedavyasacharya,

The Minister for Law was pleased to discuss with me this morning the further action to be taken in regard to the control of steel.

It had been proposed to appoint Mr. Viswanath as the Controller for Mysore, but it is considered desirable that the Controller should be easily accessible to the trade in Bangalore, Heads of Departments and the authorities of the K.G.F. It has therefore been decided that I should be 1) appointed Controller and a Notification has to be issued accordingly.

A Notification exempting small transactions under 2) clause 7 of the order, similar to what has been issued by the Government of India, has to be issued here.

Till the work in connection with the control is standardised and a definite understanding and procedure arrived at with the Controller in British India and the quota holders, I would require the help of an assistant to carry on this work and if Government agree with me, the services of

Bangalore,
28th August 1941.

of Mr. A. Samba Murthy, B.E., who is at present working on
3) the Jog Scheme may be placed at my disposal till end of December 1941 in the first instance. It may be that his services will have to be continued, but it will depend upon the nature of the work at the time.

I shall make a separate reference in regard to the emoluments while on this special duty and his salary will be borne by the Iron and Steel Works.

If Government agree in this view, I request that
4) the Chief Engineer may be requested to telephone instructions and arrange for Mr. Samba Murthy being relieved immediately and reporting himself for duty to me at Bangalore.

Yours sincerely,

M. Visvesvaraya

(1) & (2) are being dealt with. Justifications will be issued
